- High efficiency compressor for fast pull down times and fantastic energy savings
- Low energy 12V DC tangential evaporator fan optimised to ensure smooth airflow and even bottle temperature distribution
- Adjustable digital thermostat for accurate and efficient temperature control
- Low energy 12V DC reverse ducted condenser fan for enhanced refrigeration life and dust control
- Foam injected carcass for great thermal insulation and cabinet strength
- Clean and green – CFC-free and ozone friendly
- Fully adjustable shelving
- Fully illuminated maximised display area – looks great in busy bars
- Illumination can be switched off independently from cooling to save power
- Interior of cabinet finished in light reflective aluminium
- Single, 3 foot double or maxi-double sized cabinets
- Swing or sliding door models (doubles only)
- Doors and cabinet both available made from brushed stainless steel
- Material : Stainless Steel & Aluminium
- Capacity : 174 x 330ml bottles
