The Burco AFF5CT countertop auto fill water boiler is an excellent solution for providing a constant supply of piping hot water in hard water areas.

Thanks to its built-in replaceable filter and digital temperature control, the dispensed water is just how you expect - great tasting and at the perfect serving temperature for your beverages. Powerful elements combine with clever eco design to ensure efficient operation and a high output. It's also easy to use and clean, making it perfect for everyday use in cafés, restaurants, canteens and more.

Size

Unit	Height	Width	Depth
Mm	496	349	219
Cm	49.6	34.9	21.9
Inches (approx)	19	13	8
