The 12" deep pan non-slip pizza covers keep air out whilst dough is being proven to give you a superior quality pizza.

To prevent stacks of pizza pans from falling over when in transit, the lid features a slight recess, locking stacked pans together safely.

- Made from 1.2mm aluminium.
- For use when dough is being proven in the pizza pan.
- Help to keep air from getting to the dough, assisting it to rise.
- Covers fit over the rim of the pan, and also have a recess ensuring that the pan being stacked on top does not slide off when moved or carried.
- 304.8mm
- Material : Aluminium
