This tin of 6 hour liquid chafing fuel from Olympia is non-flammable and non-combustible unless the wick is present, making it safer in the event of accidental spillage.

The visible flame helps avoid accidental injury for added user safety.

- Relightable wick for 100 fuel use
- Easy to open and reseal
- Does not evaporate if left open
- Cool touch container even when alight
- Approved as a non-hazardous food heating fuel and is therefore not restricted by storage or transport restrictions
- For professional use only
- Material : Stainless Steel
