This fast acting heavy duty degreaser from Suma is designed to remove fat, oil and carbons from the inside of ovens, grills, and other metallic cooking equipment including aluminium.

The industrial degreasing formula cutz through the heaviest grease and fatty deposits which can otherwise prove difficult to get rid of. This ready to use solution is non-caustic, non-hazardous and is particularly effective for cleaning the inside of dishwashers and similar industrial kitchen equipment which can collect deposits of fat and grease in time.

- Hazardous Chip Codes R36S26-37
- Powerful formulation cuts through heavy grease and leave surfaces clean and shiny
- Dissolves soil and holds it in solution, preventing re-disposition
- Safe for use on aluminium
- Suitable for use in foaming equipment
- Dilution ratio: 1:40
- Concentrated solution - dilute before use
- Box Quantity: 2 x 5Ltr
- Use with pelican pump (GF368) for 25ml dosing
- Use with Jantex Spray Bottles for custom dilutions and portable cleaning (CD815, CD816, CD817, CD818)
- Material : Plastic
- Capacity : 5Ltr
