- A 25% restocking charge will apply for all returned goods.

This limescale descaler is a strong acidic cleaning agent which removes the limescale which builds up in dishwashers, kettles, coffee machines, urns, utensils and similar metallic catering equipment which tend to use hard water.

The formula also strips away deposits of oxide film and brightens up dull, metallic surfaces.

- Hazardous Chip Codes R36/38 S26-37
- Contact Time: 10-15 minutes for general cleaning
- The solution is food-safe, ideal for commercial kitchens
- Dilution Ratio: 1:3 for use in buckets
- Dilution Ratio: 1:5 for use in 20Ltr dishwashers
- Dilution Ratio: 1:10 for trigger spray bottles
- Each 5Ltr bottle will make approximately 25 x trigger spray bottles
- The solution is suitable for use on kitchen equipment, surfaces, utensils and dishwashers
- Safe for use on stainless steel and chrome
- The concentrated solution delivers a superb cost-per-use
- Contact Time: 30 minutes for dishwashers
- The acidic solution quickly removes limescale and oxide film
- This descaler effectively brightens dull metal surfaces
- Material : Plastic
- Capacity : 5Ltr
