This Jantex kitchen cleaner and sanitiser is a concentrated formula which can be diluted for everyday use in food preparations and service areas, ideally within a busy catering environment with food spills, and tough grease stains.The product is also perfectly suited to sanitising shelves, storage cabinets and high-traffic food preparation areas which are prone to food spillages, heavy soiling and harmful bacteria.

The spray also contains active biocides, which effectively destroy micro-organisms found in liquid spills on worktops, stubborn protein stains and leave them sparklingly clean to an impeccable standard of hygiene.
