The SureFlow Touch Free Counter-Top Boiler is a 100% touch-free boiling water solution.

Built for convenience, the clever system gives you the choice of on-demand or pre-programmed timed water dispensing, depending on what is most suitable for your business or facility and an integrated safety beam feature ensures users are safe.

Size

Unit	Height	Width	Depth
Mm	545	240	522
Cm	54.5	24	52.2
Inches (approx)	21	9	20

- Choice of water dispense - touch free control to dispense on demand or if preferred, programmable metered/timed dispense
- Electrical mains cord and water inlet coupling are underneath the boiler (provides a choice of service connections from under-counter or above counter).
- Safety beam feature that can tell when a cup has been placed within the cup recess
- Top-up feature allows user to top-up the drink following a measured dispense. The screen continues to flash for 5 seconds during which time the drink can be topped up. After 5 seconds, it reverts to timed dispense mode
- Quick and easy to program the metered dispense using memory function on set-up
- LCD screen displays a prominent "Caution Hot Water" safety message which flashes whenever hot water is dispensed
- Power Type : 642
- Power Supply : 3453
- Material : Stainless Steel
- Capacity : 10 Litres Filtered
