The myPRO WE170V washing machine from Electrolux has been especially designed for use in small businesses.

The machine features an A energy rating, making it highly energy efficient and low cost to run, as well being 50 faster than domestic machines.

Size			
Unit	Height	Width	Depth
Mm	850	597	624
Cm	85	59.7	62.4
Inches (approx)	33	23	24

- Speed1,400 RPM
- A energy rating
- WRAS approved to Fluid Category 5 (for hygiene applications)
- Sluice programme and thermal disinfection cycles in line with CFPP01-04 guidelines
- Time savings due to hot water inlet. Water does not need to be heated and thereby reducing cycle time, costs and energy use
- Great energy savings in drying with a Speedsoak drum. Outstanding dewatering and lower moisture intensity due to optimal drum design and 1,400rpm spin (536 G)
- Process all laundry in one go thanks to generous 8 kg capacity
- Best wash results and garment care due to unique professional drum with 4.5mm holes for efficient evacuation of debris (standard 2.2 mm)
- Up to 50 faster than domestic machines: normal 60C programs take 82 minutes
- Reduce cycle time by an extra 12 minutes by using the hot water inlet
- Extra long lifetime due to durable construction with professional components
- Capacity : 8kg
