Embrace a greener future by bringing these Vegware compostable flat lids into your drinks service.

Made from renewable, plant-based PLA, these flat lids are fully compostable and emit less carbon during production than traditional, oil-based plastic lids.

- PLA is a compostable, plant-based substitute to traditional plastic
- Fully composts in under 12 weeks in commercial composting sites
- Greener substitutes to standard plastic
- Made with sustainable and renewable plant-based materials
- Emits less carbon during production than traditional plastic alternatives
- Clear material allows customers to clearly see the cups contents
- Compatible with CL738 Vegware slim cold cups
- 76mm
- Material : PLA
