Store your food safely and efficiently, with this Araven GN gastronorm container (10 Litre).The purple colour of this container identifies and differentiates from other containers, in order to separate and protect food from possible contamination by substances that may trigger an allergic reaction.

Correct identification will avoid any inadvertent intake of such foods by this risk group.

Size

| Unit            | Height | Width | Depth |
|-----------------|--------|-------|-------|
