The Vogue sauce rotation squeeze bottle is an innovatively-designed squeezable bottle which fills from the top and dispenses from the bottom through a non-drip silicone valve.

Not only does this ensure proper food rotation, but also eliminates drips and removes the need to flip the bottle over to dispense sauce.

- Ensures proper food rotation
- Eliminates drips
- Easier to use than conventional squeeze bottles
- 210(H) x 70mm
- Material : Polypropylene
