Make sustainably disposing of your food and organic waste easy with these 90 litre Jantex large compostable bin liners.

As these bin liners are made from plant-based PLA, they can be fully composted along with your waste when sent to a commercial composting facility.

- PLA is a compostable, plant-based alternative to traditional plastic
- Fully compostable in under 12 weeks in an industrial composting facility
- Made with sustainable and renewable plant-based materials
- For food and organic waste only
- Use to line a refuse or small dustbin
- For disposal via a composting waste stream
- 20 sacks per roll
- 737(W) x 965(L)mm | 29 x 38"
- Material : PLA
- Capacity : 90Ltr
