Designline presents their Drop In Cold Well refrigeration unit, specifically built to provide a 24 hour self service food display for a steady ongoing stream of customers.

Offering an assortment of features including a concise digital display and an integral water condensate water evaporator that takes away the need for site drainage, all elements of the drop in cold well have been carefully constructed to ensure there is minimal need for maintenance and therefore less operational downtime.

Size

Unit	Height	Width	Depth
Mm	535	1175	660
Cm	53.5	117.5	66
Inches (approx)	21	46	25
