Become more eco-friendly in your food service operation by using these 260mm Fiesta Green compostable bagasse plates.

Made from recycled, waste sugarcane, these bagasse plates are highly sustainable and have a smaller carbon footprint than polystyrene packaging.

- Bagasse is a compostable material made from recycled sugar cane
- Fully compostable in under 12 weeks in an industrial composting facility
- Certified compostable according to the EN 13432 standards
- Greener alternatives to polystyrene
- Bagasse is an incredibly sustainable and eco-friendly material
- Has a smaller carbon footprint than plastic alternatives
- Microwave safe at 100°C for three minutes
- Freezer safe at temperatures as low as -5°C
- Highly strong and stable
- Breathable material stops your dishes becoming soggy
- Ideal for festivals and food markets
- 260mm
- Material : Bagasse
