Make your food service operation a more environmentally friendly one with these 179mm Fiesta Green compostable bagasse plates.

Made from recycled sugarcane, these bagasse plates can be fully composted in under 12 weeks in an industrial composting site.

- Bagasse is a compostable material made from recycled sugar cane
- Will fully compost in under 12 weeks in commercial composting facilities
- Certified compostable under EN 13432 standards
- Greener substitutes to polystyrene
- Bagasse is a highly sustainable and renewable material
- Has a smaller carbon footprint than plastic alternatives
- Microwave safe at 100°C for three minutes
- Freezer safe at temperatures as low as -5°C
- Delivers great strength and stability
- Breathable material keeps your dishes deliciously crispy
- Ideal for festivals and food markets
- 179mm
- Material : Bagasse
