Work towards a greener future for all with these 151mm Fiesta Green compostable bagasse bowls.

As bagasse is a form of recycled, waste sugarcane, these bowls are highly sustainable and emit less carbon during production than standard polystyrene alternatives.

- Bagasse is a compostable material made using recycled sugar cane
- Fully compostable in under 12 weeks in industrial composting sites
- Certified compostable under the EN 13432 standards
- Environmentally-friendly alternatives to polystyrene
- Bagasse is an incredibly sustainable and eco-friendly material
- Emits less carbon during production than plastic alternatives
- Microwave safe at 100°C for three minutes
- Freezer safe at temperatures as low as -5°C
- Incredibly rigid and stable
- Breathable material keeps your dishes crispier for longer
- Attractive for festivals and food markets
- 151mm
- Material : Bagasse
- Capacity : 300ml | 10.5oz
