If you need to hold hot food for more than 4 hours or if you need to frequently access food to replenish your chafing dishes, then this H Series carrier from Cambro is ideal for you. With energy-efficient heaters built into the doors, food stays hot and safe for as long as needed and resets to safe temperatures within 3 minutes. With space for twelve 65mm deep gastronorm pans, this heated Carrier from Cambro is ideal for transporting and hot holding food whilst allowing frequent access.

The insulated food carrier uses energy efficient heaters in the doors, keeping your food at the perfect temperature while remaining cool to the touch from the outside.

Size

Unit	Height	Width	Depth
