Amongst Bravilors largest of coffee brewers, the B40 bulk coffee maker has a remarkable Output of 145 Litre of quality filter coffee every hour - enough to easily cater for the very largest event or venue.

Especially useful in stadiums, theatres, conferences and other similar events, the B40 uses a large 40 Litre VHG coffee urn which can be transported away from the B40, meaning that once a pot has brewed, it can easily be taken directly to a kiosk, booth, or other similar set-up.

Size

Unit	Height	Width	Depth
Mm	1100	803	652
Cm	110	80.3	65.2
Inches (approx)	43	31	25
