Dedicated to caring for the fabrics you love, the Hotpoint ActiveCare NT M11 82XB Tumble Dryer combines a family-sized 8kg capacity with programs devoted to prolonging the vibrancy in your clothes, and an A Energy Rating to save money

Our impressive Heat Pump Technology allows the moisture to be removed from your clothes and recycled through the machine, providing you with perfectly dry clothes

Size			
Unit	Height	Width	Depth
Mm	849	595	655
Cm	84.9	59.5	65.5
Inches (approx)	33	23	25

- Thanks to the patented ActiveCare technology, the new Hotpoint tumble dryer reduces fabric wear out by up to 40, minimising stress on your clothes, keeping them looking their best for longer. Up to 40 based on jeans program without ActiveCare
- An innovative solution in cleaning: a smaller and lighter condenser filter that can be cleaned easier and quicker than before
- Care for your woollens with a delicate tumble drying programme that keeps your fabric soft. Endorsed by Woolmark for complete peace of mind
- The clever anti-allergy option allows higher temperatures to remove bacteria and allergens from your laundry. Great for those that suffer from allergies or have sensitive skin
- Pre-Iron is a short cycle that easily reduces wrinkles in your laundry before ironing. An algorithm warms air up to 50C to relax fibres and reduce wrinkles, with maximum care for your clothes
- At the touch of a button, our Fibre Care technology automatically selects a low temperature setting designed to protect more delicate fabrics, so your clothes stay looking their best
- A 20 minute cool programme that works on dry clothes to air and refresh them, an alternative to washing items youve only worn once or that have been unpacked from storage
- A delicate drying cycle conceived to dry cuddly toys easier. Low temperatures and a soft mechanical action help to maintain the original look and shine of

fur and cuddly toys fabrics

- Only three uses a day. No more than six bedroom property. No hairdressing salons or equestrian
