This Lincat DF4 is an excellent choice when looking for a shallow fryer.

The thermostatic control ensures accurate oil temperature control and consistently perfect results and the safety features include top temperature cut-out to prevent overheating of the oil and flame failure device. Other great features of the counter top model are a deep cool zone that collects all the cooking debris giving you much cleaner oil for longer saving you time and money. The convenient pilot flame operates with a piezo ignition and the heavy duty nickel plated spun wire baskets, batter plates and stainless steel lids are supplied as standard.

Size

Unit	Height	Width	Depth
