Looking for style with strength to match The simple design of these low stools taps into the interior trend for all things raw and metallic, making them ideal for venues with an urban edge, while the powder-coated steel theyre made from makes them hardwearing enough to endure heavy everyday use - whether indoors or out

The carry handle and stackable design makes them easy to transport and store, ideal for when your floors need a clean or for packing up when the nights done, and the non-slip rubber feet keep them sturdy and safe whether used on a wet patio or high-polish wooden floor
