- Thoughtfully designed built-in handles along the top of the front loader unit allow them to be easily carried from all four sides
- Compartment for cold chiller plate or hot plate is located on the inner backwall to prevent overhead condensation drips and to evenly distribute temperature throughout the carrier
- Built-in Condensation barrier helps front loaders to remain drip-resistant
- A built-in label area keeps plastic menus tags in place for easy content identification for routing
- Designed with adjustable rails providing the operator the flexibility to adjust and create custom spaces as needed in between the rails
- Pre-assembled
- Material : Polypropylene
- Capacity : 155 Ltr
