- Drivers do not unpack or position goods.
- A 25% restocking charge will apply for all returned goods.

Too often, when serving toasted sandwiches to customers, service is slowed down by the need to extensively clean the contact grill or other appliance which is now covered with burned on cheese, butter or grease.

This, coupled with the threat of crumbs continuing to burn and contaminating other food with unpleasant smells or tastes, means its essential to make your sandwiches in a more hygienic and simple way. These bags for slot toasters are designed for multiple uses and are durable and hardwearing.

- Dishwasher safe
- Each bag can be used up to 100 times
- One pack can toast 500 sandwiches
- Easy to clean with soapy water
- No more mess left behind or parts to clean after making each sandwich
- 150(H) x 200(W)mm
