This Manitowoc Merrychef E2S High Power Trend colour coded is an excellent choice in an oven.

This oven may only take up the minimum amount of space but offers the maximum in results, this compact oven is not only high speed but is really easy to use. Available in classic stainless steel or trend which has a colour coded exterior. The E2S range is fantastic for cooking everything from toasting and grilling to baking and cooking. And you can cook many dishes from fresh or frozen, such as pastries, pizzas, meat, vegetables or fish. This small unit is ideal for you to expand or change your menu as often as you like.
