current tab:Product Information If you're looking for a table top that's a little less linear than your standard square or rectangle table, and a little more accommodating for more than two seaters - then this is the table for you!

Finished to an incredibly high standard using honeycomb core construction and resin-coated melamine to seal the surface, this round table top from Bolero is able to withstand up to 180°C temperatures - so it can safely hold hot plates without damage.
