Carbonless copy pads remove the need for an inky and potentially dirty carbon sheet between leaves, allowing your waiting staff to look pristine and offer the best possible service.

Each carbonless order pad takes 50 orders and is ideal for sending copies to both the till and your kitchen.

- Produces 2 copies of each order
- 50 (x2) numbered pages
- Clean alternative to carbon pads
- More efficient - just start a new page and write
- Non carbon pads work as carbon leaf pads, without the need to place the carbon leaf between each page set. A cleaner alternative - no more ink residue from the carbon leaf.
- More efficient - just start a new page and write.
- 3 x 5".
- Material : Paper
