**Combining sustainability and practicality, these flat Vegware compostable hot food pot lids are perfect for any business wanting to become more environmentally responsible.**

As these lids are made from plant-based CPLA, they can be fully composted within 12 weeks if sent to a commercial composting facility.

- CPLA is a stronger and more heat resistant form of PLA (plant-based alternative to traditional plastic)
- Fully composts in under 12 weeks in commercial composting sites
- Eco-friendly alternatives to standard plastic
- Made from sustainable and renewable plant-based materials
- Has a smaller carbon footprint than traditional plastic alternatives
- Fits GF046 and GF047 Vegware Compostable Food Pots (12oz and 16oz - sold separately)
- 10(H) x 115mm
- Material : CPLA
- Capacity : 350ml/ 454ml (12/16oz)
