These compostable 12oz hot cups from Vegware are an environmentally friendly alternative to conventional disposable cups.

Made from sustainably-sourced materials and lined with plant-based PLA, the cups are incredibly earth-friendly and completely compostable in industrial composting facilities.

- Fully compostable in under 12 weeks in commercial composting facilities
- Sustainable substitutes to traditional plastic-lined hot cups
- Lining is made from sustainable and renewable plant-based materials
- Has a smaller carbon footprint than traditional plastic-lined cups
- Strong construction perfect for outdoor use
- Lids sold separately
- 110(H) x 89mm
- Material : Paper and PLA
- Capacity : 340ml | 12oz
