Whether you're cooking eggs, bacon, burgers or vegetables, this versatile Lincat GS4/C Electric Hard Chrome Plate Griddle won't let you down.

This griddle has a chrome surface which both heats up quicker, and transfers heat to food more efficiently than standard griddles, with less energy loss as well as reduced energy radiation, which keeps the kitchen cooler for staff and reduces pressure on the ventilation system. Perfect for cafes, pubs and restaurants, this griddle is thermostatically controlled to give accurate temperatures during the cooking process for consistent results.
