Adopt a positive, eco-friendly image by using these white Vegware compostable knives.

Made from renewable, plant-based CPLA, the knives are both sustainable and fully compostable in commercial composting sites.

- CPLA is a stronger and more heat resistant form of PLA (plant-based substitute to standard plastic)
- Fully compostable in under 12 weeks in an industrial composting site
- Environmentally friendly alternatives to traditional plastic cutlery
- Made with renewable and eco-friendly plant-based materials
- Emits less carbon during production than standard plastic alternatives
- Match with Vegwares compostable forks (HC605) and spoons (HC607)
- 165(L)mm (6 1/2")
- Material : CPLA
