- Please check door entry sizes before ordering.
- Delivery is made to kerbside only.
- Drivers do not unpack or position goods.
- A 25% restocking charge will apply for all returned goods.

Embrace the power and energy saving capabilities of the 3kW Lincat Twin Zone Induction Hob.

The energy efficient induction process delivers 90 efficiency compared to a typical gas hob at 50, while ventilation and air conditioning costs can also be reduced as the heat is generated in the pan rather than the hob surface, so energy is focused where its needed and the cooking environment is cooler and more comfortable.

Size

Unit	Height	Width	Depth
Mm	115	350	654
Cm	11.5	35	65.4
Inches (approx)	4	13	25

- Twin cooking zones for high output. Highly responsive and controllable cooking method.
- High power - delivers almost twice the cooking power of a similarly rated gas hob, whilst saving energy
- Boost function delivers power when its most needed
- Portable, plug-in device - easy to move around the kitchen and ideal for event catering. Functional and attractive profile is perfect for front of house theatre-style cooking
- Pan detection function cuts power when no pan is present, cutting running costs and creating a safer, more comfortable working environment.
- Automatic heat up function switches to a preset power level after full power heat up
- 6mm thick high impact resistant ceramic glass ceramic surface will withstand hard knocks and is easy to clean
- Easy to use rotary controls complete with LED display of power level. Easy to change filter, built into the base of the unit. Powerful internal cooling fan and overheat protection for long service life
- Power Type : 611
- Power Supply : 613
- Material : Stainless Steel
