 - A 25% restocking charge will apply for all returned goods.

Portable gas cartridge stove from Bright Spark, ideal for outdoor use, or indoor use in a well ventilated area.

An automatic pressure-sensitive flame extinction system and a flame failure gas cut-out device ensure the hob is safe, as does an integrated gas leak prevention safety control. The gas hob requires a gas cartridge in order to work, this must be purchased separately.

Size			
Unit	Height	Width	Depth
