The brand new King KFD13 FlexDrawer counter is a powerful and versatile commercial unit, able to be used as either a fridge or freezer at the touch of a button.

With incredibly easy controls and high quality stainless steel construction, the FlexDrawer is truly user friendly - being easy to use and easy to clean, especially considering that the pans are removable to further assist with the cleaning process.

Able to accommodate three full sized (GN1/1) 150mm deep gastronorm containers, the machine has plenty of space for commercial catering requirements.

The low height fridge or freezer is perfect for countertop catering equipment, such as griddles, induction hobs and salamander grills, and the stainless steel top is heavy duty and sturdy for almost any heavy duty equipment.
