Keep your bar stocked and beers ready to go with the King 3 sliding glass door back bar cooler in black.

The King KG350SL black back bar cooler is designed to be used at any restaurant, bar, or club. This back bar cooler saves space and can efficiently store beer, drink mixes, juice, milk and garnishes. This refrigerator has three self-closing glass sliding doors that provide excellent product visibility, enabling you to easily view your current drink or ingredient selection for efficient drink preparation. Because this unit is only 520mm deep, it can fit even the smallest back bar area. Vented from the front for easy undercounter installation flush to the wall.
