Featuring a welded steel and black electrostatic powder coated frame this Jackstack is an essential for food service businesses such as, schools, hotels, hospitals and large restaurants.

The clever design allows you to not only transport plated dishes to the dining area but also enables staff to quickly clear away dirty plates and get them to the dishwashing area quicker.

- Wall mounted.
- 50mm spacing between plates.
- Scratch and rust resistant.
- FDA and NSF approved.
- 700(H) x 240(W)mm
- Material : Welded steel with black electrostatic powder coating finish
- Capacity : 12 plates.
