- A 25% restocking charge will apply for all returned goods.

Specifically designed to run as quiet as possible, the Fracino Luxo coffee grinder in White uses advanced technology to grind at just 55 decibels - around the same volume as a refrigerator humming.

Equally at home in quiet environments as well as busy restaurants and cafes, the Fracino coffee grinder has adjustable grinding settings to meet the expectations of even the most exacting of coffee enthusiasts.

Size

Unit	Height	Width	Depth
Mm	625	285	405
