The Burco MFCT20STHF is a 20-litre manual fill water boiler which is made right here in the UK.

This water boiler will provide access to piping hot water without the need for hardwiring or mains plumbing. Perfect for staff rooms, schools, cafes, site offices, bistros, mobile catering and many others, the hot water urn features a powerful 3kW element which will quickly heat water to the required temperature so whether you are making tea, coffee or any other beverage or foodstuff there is a temperature setting that is ideal for your needs.
