A superb quality Hot Cupboard, the Modena MHCG6 combines a high capacity design with the flexibility of hot cupboard and bain marie servery. Fitted with castors as standard, the unit can easily be positioned anywhere it's needed. So, whether you're just using it for a Sunday carvery, or if it's part of a more permanent food service counter.

Make sure your hot food is being held at safe temperatures, the top bain marie comes with all the features you are looking for: three large GN1/1 capacity, durable stainless steel construction, and halogen lamps to illuminate your food from above.

Size			
Unit	Height	Width	Depth
