Add a reliable, easy to use, and space efficient crushed ice machine to your operation with this Nice Ice N30F - 30kg air cooled undercounter crushed ice machine!

This Nice Ice N30F crushed ice machine produces up to 30kg of crushed ice per day. Due to its shape and size, crushed ice easily conforms to assume the shape of any glass or container and to efficiently surround the food you're keeping cold! It also chills more quickly than other ice forms, making it great for keeping food cold at seafood counters, produce displays, and salad bars as well as the perfect addition to your cocktail bar!
