With hard chrome rollers it makes it easy to clean and is ideal for front of house use.

The professional sausage heater RG 7 is fitted out with 7 rolls and keeps warms 12 pre-cooked sausages at right temperature for 58 hot dogs per hour! This optimal efficiency is ensured by the rotation of the rollers on themselves thanks to an asynchronous motor. Each 3-cm-diameter chrome roller has a power of 125 W. The gap between the rollers is 1.5 cm. This sausage warmer is particularly popular in hot dog concepts or football/rugby stadiums during the rush hours for a prompt service.

Size

Unit	Height	Width	Depth
