This bubble surfaced anti-fatigue mat stimulates blood circulation and reduces tiredness, whilst providing greater insulation against cold floors.

The matting also reduces the risk of accidents and by relieving muscle tension increases staff productivity, promoting better posture and preventing stiffness in joints, helping your staff to focus better on the task in hand.

- Ideal for food production areas where operatives are standing in static positions
- Improves concentration
- Insulates well against cold floors
- Relieves pain and discomfort
- Reduces the risk of accidents
- 900(W) x 1200(L)mm
