The heated showcase WD 780 D features a unique ventilated firestone heating system!

-The firestone placed on the Incoloy heating element accumulates, releases and spreads the heat in the showcase. It guarantees a sufficient temperature (72 ° C) of meat-based snacks such as nuggets, meatballs or delicacies. - The 2 fans spreads the heat evenly throughout the showcase -The electronic thermostat regulates the temperature from 20 to 90 ° C with a precision to the nearest degree. - A water drawer allows a humidity control essential to keep moist and delicious the sweet pastries and delicatessen.
