The Electrolux WE170P MyPRO Washing Machine is a smart, professional 8kg washer ideally suited to smaller businesses looking for a high performing, extremely economical washer with professional design.

Perfect for small businesses such as: small hotels and bed & breakfasts, small restaurants, hairdressing and beauty salons, sports and fitness clubs, office cleaning companies, out-of-home resident services, restaurant chains/franchise and more.

Size

Unit	Height	Width	Depth
Mm	850	597	624
Cm	85	59.7	62.4
Inches (approx)	33	23	24

- Best wash results and garment care due to unique professional drum with 4.5 mm holes for efficient evacuation of debris (standard 2.2 mm)
- Time and cost savings in drying with moisture extraction at 1,400 rpm
- Meet every need with professional programs, from energy-efficient and mild to disinfection and mop programs
- Save time: Cotton 60 °C programs take 82 minutes (starting with cold water at 15 °C)
- Reduce cycle time by an extra 12 minutes by using the hot water inlet
- Flexible installation thanks to smart drain pump configuration
- Fast wash program: wash in less than 30 minutes
- Extra long lifetime due to durable construction with professional components
- Less vibration thanks to highly effective shock absorbance system and optimally balanced components and panelling
- No chemical corrosion: stainless steel front and top
- Trouble-free operation due to gravity drain valve model for the most demanding applications
- Power Type : 3141
- Material : Stainless Steel
- Capacity : 8kg
