A highly innovative commercial contact grill, the XP020PR Unox Spidocook Double Contact Grill with Ribbed Top Plates uses one of the best materials for quick service cooking: glass-ceramic.

Designed to be ultra shock resistant, impervious to odour, non-stick and exceptionally easy to clean, the glass ceramic bottom plates provide a great solution for cooking panini, burritos, wraps and more - all without the flavour transfer sometimes seen in cast iron plate grills.

Size

Unit	Height	Width	Depth
