

### Classic Toasters

The Classic Toaster is available in a range of stylish, on-trend colours to add an exciting edge to your kitchen interior. Dualit has been designing toasters since 1945 and are experts in knowing what it takes to make good toast. Its Classic Toasters are still built by hand in the UK, with the assembler's name on every base plate. So whether you're a toast aficionado at home, or a professional caterer needing to produce 80 toasted sandwiches an hour, we can guarantee that one of our Dualit toasters will be perfect for you.

#### Hand built in the UK

Every Classic Toaster is hand-assembled at Dualit's UK factory. Each features its own rich heritage, with the assembler's name on the base plate.

#### Commercial quality

Dualit's hard-working Classic Toaster is designed to be tough enough for commercial kitchens and is heralded by chefs, cafés and families around the world as producing the very best toast. Dualit's Classic Toaster contains fully repairable or replaceable parts, for a toaster that will fuel generations of Great British breakfasts.

#### Unique patented ProHeat® elements

**PROHEAT.**

No element has as many 'winds per square cm' as Dualit's ProHeat element - this makes for the most evenly toasted bread. Exclusive to Dualit, ProHeat elements have a protective armour plated layer covering the filament, making them virtually unbreakable.

#### Product spec:

- Energy efficient slot selector - toast only what you need
- Patented ProHeat® armour plated elements
- Mechanical timer to control browning preferences
- Manually operated eject lever to keep items warm until needed
- Adjustable inner wire guard to grip toast
- Suitable for use with Dualit's Classic Sandwich Cage and Warming Rack
- Adjustable rear foot for uneven surfaces
- Repairable/replaceable parts
- High lift mechanism to remove smaller items

- Hand built at Dualit's UK factory with the assembler's name on the base plate
- Easy to clean
- Concealed crumb tray
- Extra wide 28mm slots
- Defrost function
